

## Plan to Land 3–5 Clients This Month:

### Today

#### 1. Update LinkedIn & Portfolio

Use the new headline and “About” section.

Post a short update offering website builds (I can help write this).

#### 2. Message 10 local businesses

Pick businesses with old, broken, or no websites.

Message them on Instagram, LinkedIn, or email.

Offer a free audit or free consultation.

#### 3. Join local Facebook groups

Search “San Antonio Small Business” or “Texas Entrepreneurs.”

Introduce yourself with a value-focused post and link to your portfolio.

### Tomorrow

#### 1. Follow up with anyone who liked or responded.

Offer a discount for your first 3 builds this month.

Get on a call or DM quickly.

#### 2. Walk local streets if possible (offline hustle)

Visit small shops, food trucks, or salons with no sites.

Leave a card, QR code to portfolio, or offer a free site review.
