👷 Front-End Developer | Junior Web Developer

Motivated and fast-learning front-end developer currently completing an intensive 4-month bootcamp (expected June 2025). Skilled in building responsive, accessible websites using modern HTML, CSS, JavaScript, and React. Passionate about clean UI/UX, mobile-first development, and continual learning. Eager to contribute to a collaborative, growth-oriented development team.

💻 Technical Skills

Languages: HTML5, CSS3, JavaScript (ES6+), JSON
Frameworks/Libraries: React.js, Bootstrap, Tailwind CSS
Tools: Git, GitHub, VS Code, Chrome DevTools, Figma
Core Concepts: Responsive Design, Mobile-First Design, DOM Manipulation, Accessibility (WCAG)

📌 Projects

🌐 Website Rebuild (Bootcamp Project)
🔗 Code: https://github.com/kingkey0101/project-website-build

- Rebuilt a legacy website into a fully responsive and accessible experience

- Implemented mobile-first design using Flexbox and Grid

- Structured semantic HTML5 with clean CSS architecture

- Used Git for version control and progress tracking

🌦️ Weather App (Portfolio Project – In Progress)

- Designed a modern UI with dark theme, glassmorphism, and neon-styled animations

- Consumed a live weather API with JavaScript to fetch dynamic data

- Created animated forecast cards with hover effects and transitions

---

🛠️ Experience

Freelance Front-End Projects — *San Antonio, TX · 2024–Present*

- Delivered client prototypes and practice apps during bootcamp

- Built interactive UIs with reusable components

- Collaborated using GitHub and pull request workflows

🎓 Education

Full Front-End Developer Bootcamp (In Progress)
 Expected Completion: June 2025

- Hands-on development in HTML, CSS, JavaScript, React, Git, and responsive design

Culinary Degree (Completed)

- Applies creative problem-solving and attention to detail from culinary training into code

---

🔥 Highlights

- Daily GitHub commits and open-source collaboration

- Currently building a full SaaS app (details to be announced)

- Shares dev journey, insights, and code updates regularly on LinkedIn and X (@kingkey0101)
